No General Meetings

So far our coolish June-uary temperatures may not seem very summerish, but we confidently look forward to our usual stunning July and August weekends. Therefore, NorthWest Apple Pickers will once again **not hold Sunday meetings** in July and August.

Our New User, Mortvedt, and Franke Tobey Jones sessions **will continue throughout the summer, as usual**, so there will still be plenty of opportunity to tap into the tips and tricks we share for Macs, iPhones, and iPads.

Our regular Sunday General Meetings will resume on September 9th at the Lakewood Library.

Word Wrap For July 2018

by Bob Moffat

Listening to some reverberations from the past two hundred years. Happy Independence Day!

July 4, 1776

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the pursuit of Happiness.

1787

We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure

Word Wrap For July 2018 by Bob Moffat

(Continued From Page 1)

the Blessing of Liberty to ourselves and our Posterity,
do ordain and establish this Constitution for the
United States of America.

1789 - 1798

Hail Columbia, happy land!
Hail, ye heroes, heav'n-born band,
Who fought and bled in freedom's cause,
Who fought and bled in freedom's cause,
And when the storm of war was gone
Enjoy'd the peace of your valor won.
Let independence be our boast,
Ever mindful what it cost;
Ever grateful for the prize,
Let its altar reach the skies.

1814

O say can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last
gleaming,
Whose broad stripes and bright stars through the
perilous fight,
O'er the ramparts we watched, were so gallantly
streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still
there;
O say does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?

1865

My Captain does not answer, his lips are pale and
still;
My father does not feel my arm, he has no pulse nor
will;
The ship is anchor'd safe and sound, its voyage closed
and done;
From fearful trip, the victor ship, comes in with ob-
ject won;
Exult, O shores, and ring O bells!
But I, with mournful tread,
Walk the deck my captain lies,
Fallen cold and dead.

1883

Not like the brazen giant of Greek fame,
With conquering limbs astride from land to land;

Here at our sea--washed, sunset gates shall stand
A mighty woman with a torch, whose flame
Is the imprisoned lightning, and her name
MOTHER OF EXILES. From her beacon-hand
Glow world-wide welcome; her mild eyes command
The air-bridged harbor that twin cities frame.

"Keep, ancient lands, your storied pomp!" cries she
With silent lips. "Give me your tired, your poor,
Your huddled masses yearning to breathe free,
The wretched refuse of your teeming shore.
Send these, the homeless, tempest-tost to me,
I lift my lamp beside the golden door!"

1933

So, first of all, let me assert my firm belief that the
only thing we have to fear is...fear itself--nameless,
unreasoning, unjustified terror which paralyzes
needed efforts to convert retreat into advance.

1961

Let every nation know, whether it wishes us well or
ill, that we shall pay any price, bear any burden, meet
any hardship, support any friend, oppose any foe, in
order to assure the survival and success of liberty.

And to Sir Walter Scott, in 1805, quoted in Edward
Everett Hale's "The Man without a Country," pub-
lished in 1863:

Breathes there the man, with soul so dead
Who never to himself hath said --
This is my own, my native land!

New User Report By Bob Moffat

Everyone passed the mid-term exam! This marks a perfect record of 100% smart askers of questions facing our June review over the years.

July's session will deal with how we use text on computers and we'll look at some of the applications that help us do that, from email, to Notes, Pages, TextEdit, and LibreOffice. Word processing was one of the first killer applications that computers offered (What You See Is What You Get, or WYSIWYG.) We'll explore Fonts, formats, and other features.

Please join us on **Thursday, July 5th from 7 to 8:45 p.m. at the Lakewood Library.**
